NEW Slimline Aluminium Bifold Door

stellar
ALUMINIUM SYSTEMS

The new Stellar Slimline Aluminium Bifold Door has all the strength a bifold needs and packs a real punch with its slim sashes. At just 117mm wide, the slim meeting stiles create an attractive sightline, letting the glass take centre stage for maximum consumer appeal. The slimline door meets the new Part L requirements for thermal efficiency with standard 28mm double glazing.

Stellar colour range

Patented knock - in bead system - *fast fitting*

20 mins per pane
quicker to install than
other bifolds

Unique thermal
break technology

Contemporary
slim sightlines

Pre-gasketed

Patent - pending lock stile
adjustable positioning

- ⊕ 200mm

Bead sizes:

- ⊕ 28mm
- ⊕ 36mm
- ⊕ 44mm

Patent-Pending Slimline Lock Stile

The unique slimline lock stile eliminates the need for adjustable door jambs, delivering a larger glass area, superior aesthetics and straightforward adjustment during fitting.

- ⊕ Patent-pending technology
- ⊕ Allow extended on site adjustment (+/- 2mm)
- ⊕ Provides 4mm adjustable position
- ⊕ Offers flexibility and precision during installation.

New Thermal Break Technology

The special polyamide thermal break technology delivers a highly thermally insulated bifold that achieves a U-values as low as 0.9 W/(m²K).

- ⊕ Special polymide
- ⊕ Under glass seal
- ⊕ Tailed glazing gasket

Designed to meet Part L requirements, improve insulation and weather protection without the use of foam.

Hardware

The Stellar Slimline Bifold features multi point lock and intermediate shootbolts for enhanced security, alongside robust lockable handles

The track system is stainless steel.

Backed with quad stainless-steel rollers the result is a bifold door that's both stable and easy to open, but also highly secure when it's closed. Bifold doors fitted with the Yale 3-star cylinder and conforming to PAS24.

Stellar is fully configurable including left, right and both sides stacking and really easy to install.

- ⊕ A choice of access door position is also available
- ⊕ Stainless steel tracks and rollers so the door opens and closes effortlessly every time
